

PADDOCK WOOD COMMUNITY CENTRE

4th NOVEMBER 2017

Post code:

1	Were you aware of the community centre proposal? Yes/No
2	Design is an important element of any building, what do you think the building should look like?
3	Do you have any comments you would like the architect and council to take account of in developing this project?
4	Your Town Council is seeking to obtain a contribution of around £1m from the developers of the proposed new homes in Paddock Wood towards the costs of building a community centre. Until that funding is released the Council is proposing to take out a loan of up to £1.5 million so that work can start as soon as possible. Potentially, the council would need to increase the annual Council Tax by about £3.70 pa for a Band D property. What are your views to this approach?
5	Would you like to be kept informed about the development, if so please can we have your email address?
