1	tn12 6hy	---	-Cinema. Make versatile as possible. Any sort of interest flexible/storage - folding seats in racks. -Attractive: raised garden for the play scheme. -Live Streaming. Eco friendly/grey water/TV. Gantry overhead lights for the stage.	Roof that is high enough for youth to climb on. Modern building that catches people's eyes. Unique to Paddock Wood, not a barn, striking.		Think it is necessary. Like to see the council looking at something like this.	
2	tn12 6bf	y	Preschool: better outdoor place -Non religious site for party hire -Evening classes – more would help	1950s estate Whiteboard, nothing local, not faceless Council design. More local style/material		Ok Fine	-Cinema Nights -Weddings

7	tn126bb	Y	-A walk to PW community centre -Size of the hall needs to be born in mind -Width hall for a barn dance -Block floor needed in hall – the right surface	-Stage is V important 15 tables with 6 to a table -close to centre -good materials -Set hours – in terms of local. 			-Be of efficient use	want to/It's wrong to detract from what the church does -Kitchen to hall too small			-We have what we need -Larger hall provision
9	---	Y – through U3A	-Larger kitchen accessed by two different rooms	-Too small for expansion -St Andrews (120m2?) -Need to allow for expanded PW	-Highest council tax – paying for athletics track so not terribly happy paying -Not that acceptable		Memorial playing field in on the wrong side because development is on the wrong side -Need to be in a more central position -Not advertised in local courier so limited comment

It may cost money for the delay but figures should be transparent. - compared to the costs if this goes wrong. In any event people will pay ultimately (ie the
